PURPOSE

The purpose of this DSI was to add the D350-689-021 Dual High Back Seat Installation, LH, the D350-689-023 Floor Provisions Kit and the D350-689-043 Dual High Back Seat Assembly to IIN-D350-689 Rev. A. The D350-689-021/-023 Kits are compatible with the Energy Attenuating Seat rails in later AS 350/355 model aircraft.

The DSI 9419-011 Kit includes the parts that are required to convert a D350-689-011 installation into a D350-689-021 installation.

At Revision B, the DSI 9419-011 and D350-689-023 kits have been upgraded to include an additional D3811-043 Seat Track Assy for compatibility with the F0425031 Seat Tracks.
